SUMMARY

Motivated Computer Science and Engineering undergraduate with a CGPA of 9.11/10, passionate about Full Stack Development, Artificial Intelligence, Cloud Computing, and Data Analytics. Proficient in Python, C, HTML, CSS, and JavaScript, with hands-on experience building responsive web applications. Certified in AWS Cloud Foundations, Microsoft Azure, Artificial Intelligence, Cybersecurity, and Data Science using Python. A quick learner with strong analytical, problem-solving, and teamwork skills, eager to contribute to innovative software development projects while continuously expanding technical expertise.

EDUCATION

Mailam Engineering College

Bachelor of Engineering (B.E.) – Computer Science and Engineering, CGPA: 9.11 / 10

Expected Graduation: 2028

PROJECTS

Music Concert Event Website | Technologies: HTML, CSS, JavaScript

- Developed a responsive music concert event website with an attractive and user-friendly interface.
- Implemented interactive navigation and JavaScript-based user interactions.
- Optimized the website for desktop, tablet, and mobile devices.
- Applied responsive design principles to improve usability and accessibility.

TECHNICAL SKILLS

Programming Languages: Python, C, JavaScript

Web Technologies: HTML5, CSS3, Responsive Web Design

Cloud Platforms: AWS Cloud Foundations, Microsoft Azure Fundamentals

AI & Data Science: Artificial Intelligence Fundamentals, Data Science using Python

Tools: Visual Studio Code, Git, GitHub

Core Concepts: Data Structures, Algorithms, Problem Solving, Version Control

CERTIFICATIONS

AWS Academy Graduate – Cloud Foundations

Microsoft Azure Course Completion

IBM SkillsBuild – Getting Started with Artificial Intelligence

Cybersecurity for Beginners (40 Hours)

Data Science Using Python

Intel India AI – AI Sashakt Badge

ACHIEVEMENTS

- Secured 9.11 CGPA in B.E. Computer Science and Engineering. - Successfully completed multiple industry-recognized certifications in Cloud Computing, Artificial Intelligence, Cybersecurity, and Data Science. - Continuously developing practical projects in web development and programming.

RELEVANT COURSEWORK

- Data Structures - Algorithms - Database Management Systems - Operating Systems - Computer Networks - Object-Oriented Programming

SOFT SKILLS

- Problem Solving - Communication - Teamwork - Leadership - Time Management - Adaptability - Continuous Learning

AREAS OF INTEREST

- Full Stack Development - Front-End Development - Artificial Intelligence - Cloud Computing - Data Analytics - Software Engineering

LANGUAGES

- Tamil (Native) - English (Professional Working Proficiency)

CAREER OBJECTIVE

Seeking a Software Engineer Internship or Entry-Level Software Developer role where I can apply my programming, web development, AI, and cloud computing skills to develop impactful software solutions while continuously learning modern technologies and contributing to organizational success.
